Muhammad Abdullah

Full Stack Developer | Data Analyst

+92 308 630 3187 chaudhayabdullah786@gmail.com Gujranwala, Punjab, Pakistan

About Me

Motivated Web Developer & Data Analyst skilled in HTML, CSS, JavaScript, PHP, MySQL, and Java. Experienced in developing full-stack projects including Event Management and Parking Management Systems, with a focus on secure, user-friendly design. Proficient in React.js, Node.js, and JDBC, with strong analytical and problem-solving skills. Seeking an internship to apply technical knowledge and gain real-world experience.

Technical Skills

Languages	Python, Java, PHP, Assembly Language
Web	HTML, CSS, JavaScript, React.js, Node.js
Databases	MySQL, JDBC
Data & Tools	Python (pandas, matplotlib), R, Excel, Prompt Engineering
Proficiency	Web Development 78% | Data Analysis 81% | Full Stack Dev 72%

Experience

Web Developer (Projects) 2024 – Present

Developed multiple web applications using HTML, CSS, JavaScript, PHP, and MySQL:

- **Hospital Management System (2023):** Built a web-based system for managing patients, doctors, and appointments with secure login and responsive design.
- **Event Management System (2024):** Created an event scheduling and registration platform with automated email notifications.
- **Parking Management System (2024):** Designed a real-time slot tracking and reporting dashboard.

Data Analyst — Freelance (Fiverr) 2023 – Present

Performed data analysis & visualization using Python, R, and Excel. Helped clients improve business insights and decision-making.
